

ROAD TRIP! CUMBERLAND

Any visit to Cumberland MUST include a visit to **Queen City Creamery**. This is not ice cream, it's custard, and it wins awards for a reason. But frozen treats aside, there's even more to see and do in Cumberland. Visit the Department of Tourism for information on what to see, do and enjoy throughout the **Queen City**. Make sure to head to the **Seville Gallery** which has art on display and Maryland's only vending machine that dispenses art. In a shopping mood? Find your child's favorite playthings at **Tree House Toy Shop** and your spouse's favorite playthings at **Hobbies Plus**, or memorabilia and collectibles at **Fort Cumberland Emporium**. Spend the evening at the nearby **Fairfield Inn** but before going to bed, enjoy a nice evening out at **Ristorante Ottaviani** or **City Lights**.
